

Need seamless access to intelligent systems and data...  
no matter where they live?

Adaptive BPM & Case Management: Feb 10th, London

Featuring Launch of  
v7 and FloCase

# Join us for a Complimentary FloSuite Business & Technology Briefing

Including the launch of FloSuite v7 & FloCase, our new generic case management framework

## Event overview

Reduce cost and risk, improve operational efficiency and enhance customer service with intelligent, integrated solutions from FloSuite

Join us at Microsoft® London to learn how FloSuite® can empower you to connect IT systems, people, organisations and data within one seamless working environment – and transform the way *your* organisation works.

Our many clients in legal, government and professional services already use our rapid configuration framework to deliver lower-cost, more efficient and flexible solutions for BPM, Case and Matter Management.

Attend our event and see live demonstrations of:

- ✓ The latest release of our FloSuite framework and pre-configured solutions
- ✓ FloCase®, our new generic case management application that can fast-track and support any case-centric deployment

Book online at: [www.flosuite.com/seminar](http://www.flosuite.com/seminar) Or call 01592 760601

*Note: this event is free of charge*

# Testimonials

**Fran Evans, IT Director, Berrymans Lace Mawer**

FloSuite was selected for its compelling product strengths of rapid implementation and flexibility. We needed to work with a product that would enable us to build and deploy a varied and highly complex set of business requirements quickly across different practice areas.

**Janet Day, IT Director, Berwin Leighton Paisner**

Our selection of FloSuite took into account the technologies behind the toolkit, the flexibility it offered in design and development, the scope for rapid implementation of integrated business processes and our confidence that we could work well with the FloSuite team.

**Christine Ferris, IT Manager, Norfolk Fire & Rescue Service**

With the financial pressures now befalling all public sector organisations, Norfolk Fire & Rescue Service are confident that FloSuite will enable us to create 'in-house' efficiencies to meet the challenges of reduced budget without reducing service quality.

Book online at: [www.flosuite.com/seminar](http://www.flosuite.com/seminar) Or call 01592 760601
